

# Highway Max™ (Lightning)

The high-powered, twin-slot in-car charger

CC-178

Just Mobile Highway Max™ is the superpowered in-car for smartphones, tablets and other USB-powered devices.

Finished in high-grade aluminium, the stylish Highway Max plugs into your car's cigarette lighter socket. It features two high-performance 2.1A USB ports for fast charging, with a built-in fuse to protect against power surges.

Supplied with a coiled charging cable, the Just Mobile Highway is the chic charger your dashboard deserves.

AluCable Twist™ is the premium coiled cable for iPhones, iPads and iPods. Finished in premium aluminium, the AluCable Twist™ stretches from 4inch/10cm to 6ft/1.8m.

This high-quality cable features a USB connection at one end and an Apple-certified Lightning connector - for charging and syncing your device - at the other. Designed to reduce tangled wires, AluCable Twist™ is ideal for travellers - and the perfect compliment to in-car iPhone chargers such as the Just Mobile Highway™.

USB x 2/4.2A
